

Field Trip: Botany Department

A wonderful journey started on 28th May 2022. B. Sc. (Bio) second semester students accompanied by four teachers, Dr.Varsha Srivastava, Dr.Vikas Dwivedi, Ms. Neelanshi and Dr. Arti Katiyar visited Bio Control Lab of Department of Plant Pathology at C. S. Azad university of Agriculture and Technology. The objective of the trip was to comprehend the operational methods of laboratory, isolation, purification, and maintenance of fungal bio-agents. Mr. Yatendra Kumar Srivastava, Lab in-charge elucidated in depth the TRICHODERMA (bio -fertilizer) production and its uses. The trip successfully inculcated in students the practicality of different theoretical concepts of Botany
