

Workshop on DNT's Gaming Technology

The BCA department of the college organized a workshop on DNT's Gaming Technology on 4th Feb, 2019. 127 students participated in the workshop which was conducted by Mr. Naveen (Game developer and web developer) and Mr. Alok Dubey (Game developer, IIT Kanpur). Importance of gaming in our daily life was showcased by different clips. Speakers focused on game-based learning which provides a promising new pedagogy, allowing learners to proceed at their own pace. They are not just for fun but are highly educational, hone problem solving skills and promote empathy.
