

A Trip to Anandi Magic World

“Unless you are at a picnic, life is no picnic.” — Jane Wagner

Final year of college becomes very emotional for students, they get attached to the college and friends. Before passing out and to cherish their memories as “Jagranites” in future, an entertainment trip to Anandi Magic World, Lucknow was organized for BCA III year students on 20th march, 2020. About 50 students visited along with four faculty members including Mr. Nikhil Shukla, Mrs. Priya Arora, Mr. Vikas Khare and Dr. Nidhi Mathur.

Students enjoyed various rides including water slides, wave pool and adventure activities like zipline, Go karting, air cycling and many more. It was a fun-filled day where students enjoyed with their friends and created a bond that will never break, wherever they may go, they will always remember their alma mater with love and nostalgia. They also learn essential life skills such as communication, empathy, and cooperation. Such tours are very important for students where they can share their heartfelt moments and create lasting memories which contribute to their overall happiness and mental health. In the end students and

accompanying Faculties returned with loads of memories and smiles, that will last forever in the captured photographs.
