She also suggested them to develop a weekly calendar and to do list to equip themselves with an organized approach. Dr.Asmita Dubey, Asst Director of the College presented the memento to Dr.Aradhana Gupta. Group Discussion

Group discussion is one of the popular methods of obtaining information and opinions which cannot be covered through surveys or interviews. It is an effective teaching-learning methodology by getting maximum participation of students and providing a platform of expressing their thoughts on a particular topic.

In view of this, a Group Discussion was conducted on October 8, 2022, Saturday. There were 5 teams comprising 7-8 members expressing and exchanging their views and opinions on the subject matter, and mutually coming to the conclusion. At the beginning of the session everybody seemed hesitant in expressing their opinion but soon the discussion picked up the pace and the purpose of the discussion, which was to encourage students to speak up and boost their confidence, was fulfilled. The event was evaluated by Dr. Reshma Rajani, she judged each participant on communication, skills, confidence, body language, subject knowledge and leadership qualities. Following topics were analyzed by the teams-

TEAM A- Live-in is the new normal

TEAM B- Who is to be blamed for depression among youngsters

TEAM C- Online versus offline education

TEAM D- Equality is the sole responsibility of the state

TEAM E- Patriotism versus Nationalism

Every individual gave a stiff contest to the other participants. It was thrilling to witness students asserting and justifying their viewpoints. In spite of intense battle, each team reached an inference unanimously.
