## Students' Feedback and Action Taken Report

The following gives a detailed report of the issues raised by the students and the subsequent action taken by the institution during 2018– 2019:

S. No	FEEDBACK	ACTION TAKEN
1.	Students pointed out that there had been no outings. They expressed the need for such activities to enjoy and build strong bond with the college community.	The college acknowledged this feedback and organized several outings for all departments. These events were planned to provide students with opportunities to enjoy and bond with their peers and faculty, enhancing their overall college experience.
2.	Students suggested evolving beyond subjective knowledge and enhancing practical knowledge through examples and activities. They also noted that while teachers often read and helped them, they recommended that teachers connect students through active participation, shift towards student-centered teaching, and use current scenarios to grasp students' interest.	Efforts were made to provide more information beyond subjective knowledge, broadening the educational scope. Practical knowledge was significantly enhanced through the inclusion of examples and activities, making learning more engaging and relevant. Faculty members made a conscious effort to connect with students through active participation throughout the subjects. Additionally, teachers shifted their approach to be more student-centered rather than teacher-centered, and they began integrating current scenarios into their lessons to better grasp and maintain students' interest.

## Alumni Feedback and Action Taken Report

The following gives a detailed report of the feedback received from alumni and the subsequent action taken by the institution during **2018-2019**:

S. No.	FEEDBACK	ACTION TAKEN
1.	Alumni praised the college for its good faculty. They appreciated the disciplined environment and the professionalism exhibited by both the staff and students. One alumnus highlighted a need for improvements, specifically bringing companies for campus placements, providing training for these placements, offering classes for aptitude and personality development, arranging mock interviews, and maintaining discipline.	In response to the alumni feedback, the college took several proactive measures. Partnerships with companies were strengthened to facilitate campus placements, and a comprehensive training program was introduced to prepare students for these opportunities. This program included classes on aptitude and personality development to build student confidence and readiness. These actions were taken to address the concerns and enhance the overall student experience and employability.
