Report

Jagran College of Arts, Science and Commerce organized a workshop on Time Management on 20th August '19. The event began with a welcome note by Dr. Sukriti Dixit and Ms. Padmini Shukla, Asst. Professor, presenting the sapling to the invited guest, a noted clinical psychologist Dr. Aradhana Gupta. She interacted with the students and told them the importance of time management in today's fast and competitive environment. She said that if a student learns the proper use of his time, energy and resources towards a fixed goal, the success is inevitable. This is an age when we are exposed to variety of digital devices specially the smartphone. In such circumstances, it is important to remain concentrated on the goal. Emphasizing on the multitasking abilities, she said that we should be involved in various social and cultural activities but at the same time, should not deviate from our actual goal of learning because that is the base of our personal and professional growth. She was of the opinion that instead of focusing on larger goals, students should bifurcate their broader objectives into small fractions. She also suggested them to develop a weekly calendar and to do list to equip themselves with an organised approach.

Dr Asmita Dubey, Principal of the College presented the memento to Dr Aradhana Gupta. Ms. Ambar Fatima, Assistant Professor in the college preponed the vote of thanks and expressed gratitude on the behalf of the entire college.

Report

Jagran college campus buzzed with excitement as students gathered for a unique and enlightening event – "One Mile to CAT: Aptitude in Management Exam". The event was designed to provide aspiring CAT (Common Admission Test) candidates with crucial insights and strategies to excel in one of the most challenging management entrance exams in the country. We were honored to have Mr. Sunil Gupta (Chief mentor IMS Kanpur), an IIM Alumnus, a renowned CAT mentor and educator, as the speaker for the day.

Mr. Sunil Gupta began with an overview of the CAT exam, breaking down its structure, sections, and the types of questions that students could expect. He highlighted the significance of each section – Quantitative Aptitude, Verbal Ability and Reading Comprehension, and Data Interpretation and Logical Reasoning. Report

Jagran College of Arts, Science, and Commerce successfully organized a workshop in collaboration with the Institute of Company Secretaries of India (ICSI) on the important subject of "Role and Responsibilities of Company Secretaries in Corporate Governance." The workshop attracted a significant number of enthusiastic students from various schools, eager to delve into the intricacies of corporate governance. The highlight of the event was the presence of the CS Vaibhav Agnihotri, Chairman of the Kanpur chapter of ICSI, who graciously accepted the role of the keynote speaker. Srishti Gupta, a talented first-year BBA student, skillfully anchored the workshop, ensuring a smooth flow of discussions and interactions. In addition to the enlightening presentations and discussions, CS Vaibhav Agnihotri shared compelling case studies that allowed participants to analyze and evaluate real-life scenarios related to corporate governance. The workshop proved to be a resounding success, enabling students to deepen their understanding of the pivotal role played by Company Secretaries in upholding transparency, accountability, and ethical practices in the corporate world.
